

Gustav Becker Clock Company - Bee Hive Shelf Clock - Impressive and Complicated 8 Day Mechanical Movement - (circa 1926)

Gustav Becker Clock Company - Bee Hive - Shelf Clock

Here is an impressive mechanical movement with and 8-day time and strike mechanism.

The mahogany wood veneer case measures 14-1/2" high x 10" (at the widest part of the base) x 7-1/8" deep (at the widest part of the base.) The original Gustav Becker 8-day movement has just had a complete servicing (cleaning and time adjustment) and is running excellent and keeping very accurate time.

The movement is marked Medaille D'or, Gustav Becker, S 2287365 and Freiburg Shcl.

The dial has two mechanisms (one to control the chimes and the other to control the speed.)

Item ID: WNS-CLK-139
