Emory & Douglas Co., Ltd. - English Ship's Bell Clock with an 8-Day Movement. It measures 6-1/2" in diameter and is 3-1/2" deep.

The case is made from solid brass and has a hinge on the right side of the bezel and a screw tight locking knob on the left side of the bezel.

The dial has a white background color with Roman numerals and is signed Emory & Douglas Co., Ltd and 8 Day, Bell Strike. It includes a 60 minutes track along the outer edge and Arabic numeral 24 hour markings under the Roman numerals. There is a bell strike on/off switch and a fast/slow regulator switch.

The custom handmade stand was built from absolutely gorgeous 7/8" African Zebra wood. It measures 12" wide x 12" high x 6" deep. The wood is natural with 3 coats of clear gloss polyurethane finish. Brass corner brackets are attached at the base and the back for added strength.

Item ID: WNS-CLK-174
